Design a History of Psychology unit for a 3rd year level psychology degree.

1. Outline what you’d teach over a 10 week period (topic areas is enough detail). This can include introductions or whatever non-historical information you feel is necessary.

2. Justify to the panel deciding whether to mount this unit your choice of topics.
   a. Why those areas (including the non-historical information)?
   b. Why did you leave out what you did leave out?
   c. How will this unit help students become better psychologists?
   d. How will this help student in their careers?

3. Use APA formatting.

4. Word limit is 2500 words.
